Presently OW is drafting responses to broader questions we received in the AP query, which should help us. I figured they might weigh in on broader questions below.

Hi Pat and Angela,

We have another set of questions, this time from Inside EPA. Reporter's deadline is tomorrow, Thursday mid-day (Jan. 28).

Angela- please have a look at the NPL questions and provide input when you get the chance.

Pat- I couldn't find the letter Judith references, but I've tried to draft a response to #'s 5 and 6. Please provide input on these.

Thank you both,  
John

**Subject:** additional questions on Hoosick Falls

John,

I have some more questions in addition to the ones I sent on Friday, Jan. 22. Since then, I found EPA's webpage on Hoosick Falls and read through Administrator Enck's recent speech there.

In it, she says she wrote to Saint-Gobain and the village of Hoosick Falls recommending several actions, such as for households to be given 5 gallons of bottled water per day. Could I obtain a copy of this letter from you?

Also, has Saint-Gobain or the village responded to this letter? If so, what did they say?

It looks like Ms. Enck's slide #15 accompanying her Jan. 14 speech outline the letter to Saint-Gobain and the village. But can you clarify: is she asking those two entities to conduct these activities and pay for them? Or would costs be split? I'm referring to the supply of bottled water, the sampling of private wells, and the private wells' point of entry treatments or temporary public water treatment actions.

My next deadline is Thursday mid-day (Jan. 28).

Thanks.

Sincerely,  
Suzanne Yohannan
